With the departure of the Mounds sille company of the First regiment of the West Virginia National Guard to join in the mobilization of the state troops at Kanawha City, near Charleston, it can be said that the war is brought home to Wheeling people, for in the Moundsville company there are nearly twenty young men from this

Last night it was not definitely known just when the company would leave for Kanawha City, but Captain Humphreys believed the departure would occur some time to-day, though It was possible transportation would not be available until Tuesday morn-A special train is to be furnished by the Ohio River road and it will be run through to Kanawha City without change, by one of two routes, viz: by way of Huntington and the Chesapeake

way of Huntington and the Chesapeake & Ohio, or via Point Picasant and the & Ohio, or via Point Picasant and the & Anawha & Michigan line. If the start is made at noon to-day, as was being anticipated lest night, the boys will arrive in camp late in the evening. However, as shown below the company will not probably move to-day.

The numerical strength of the company is now close to the one hundred mark and about twenty-five additional recrulis will be received to-day, though the full strength of the company is only 104. The reason this figure is exceeded is that there are a number of the members who will not remain when the company is sworn into the Federal service. When these men retire, the company many would have about its full strength remaining.

a Yesterday, a number of additional recruits were received, among these being several young men from Wheeling who desire to see active service at the earliest moment and do not care to wait for the admission of the Wheeling Volunteers to the National Guard. Yesterday's recruits were as follows:

## THE ARTILLERY BOYS.

An order was issued last night, calling a meeting of the volunteer artillery, the promoters of which also invite the presence and enrollment of able bodied men between the ages of eighteen and forty-five years. About one hundred and fifty men are needed to form the her. fifty men are needed to form the bat-tery. About seventy-five have already enrolled. The order follows:

E. C. Gee, of the Island, yesterday received a telegram, ordering him to report at Columbus, Ohio, at S a. m., to-day, at the headquarters of Company A., Seventeenth regiment Ohio National Guard. He left at 11:30 last night over the Baltimore & Ohio.

Another meeting will be held at the Odd Fellows hall this evening. The boys are somewhat handicapped without regular drilling quarters, but they expect to complete arrangements for a suitable place some time to-day. Captain Huseman received a dispatch from Colonel C. L. Smith, Saturday night, asking how many men Wheeling could muster, if called out this week, and Captain. Huseman promptly replied, giving the number. This dispatch gives the local company considerable encouragement to continue, and a request from the authorities for a speedy mustering in of the company into the National Guard would be cheering news, indeed. Colonel Smith's dispatch is the first gleam of assurance on what yet fracec. Colone Smith 8 dispatch is the first gleam of assurance on what set must remain an uncertain quantity until more definite information comes, but the company starts in this week to a finish, and will prepare to be ready when the call comes.

CONFLICTING ORDERS.

There are conflicting orders regarding the movement of the companies of the First regiment to a mobilization at Kanawha City, near Charleston. On Saturday, Capitain Humphrey, of Company B., Moundsville, received the following dispatch from the colonel commanding his regiment: manding his regiment:

Speaking of the matter yesterday.
Colonel Baguley, of this city, chief surgeon of the West Virginia National Guard, remarked that there must be a mistake somewhere; that the orders he had received did not call for anything more than to prepare for a mobilization to be ordered later.

Desiring to keep the public informed of the exact situation, the Intelligencer wired to Adjutant General Appleton, at Charleston, asking him if it was true that the First and Second regiments had been ordered to move on Monday. The following reply was received at midnight:

#### A PLUCKY CAPTURE

Made by Letter Carier Allan of a Burglar Last Night.

A bold attempt at burglary was nip ped half way last night between 11 and 12 o'clock. Two men entered the home of Charles Allan, the letter carrier, who lives on Main street, below the stone bridge. Mr. Allan heard a suspicious noise, and rushed to the room in which men were. He grappled with one, after a desperate struggle, suc-led in holding him, and getting him he tolls. Band for the Opening.

The board of directors of Wheeling Park Association met on Saturday and discussed plans for the opening of the park this season. It was decided that there would be an informal opening of the park next Sunday, May 1, when no admission will be charged. The more elaborate and formal open

The directors have other attractions under consideration for the coming season. Engineer Hazlett has submitted plans for a bicycle track, to be located to the right of the Casino, which were adopted, and work on the track will begin at once.

### MOZART PARK OPENING

Will Occur on Thursday, May 5-The May Festival Occurs Then.

The opening at breezy and attractive Mozart Park will occur on Thursday May 5, and the attraction is an excellent one that will no doubt draw large crowds to the hill-top resort. The attraction is the annual May Music Festival by the Mozart Singing Society, assisted by the Beethoven society, as-sisted by the Beethoven society. The society has engaged some notable tal-ent to co-operate in making the coming festival the same brilliant success that has marked the two festivals that were held last season and in '96. Miss Emma S. Howard, of New Haven, Conn., a well known eastern songapo, has been well known eastern soprano, has bee: engaged for this concert, and her ap-pearance will no doubt be the occasion of an artistic triumph. Others engaged for the concerts are Mrs. Flora Wil-liams, Mr. Charles Zulauf and Mr. Wil-liam Clemans. The Mozart chorus will be assisted on this occasion by the

# PIT AND PENDULUM.

A Prisoner Waiting to be Hacked by Time's Scythe.

Thousands Whose Situations Are Scarcely Less Terrible May Easily and Readily Find Help.

A man lies flat on his back, bound so that he cannot move an inch. He is in a dun-geon, at first dark as a well, but in a few minutes a light in the ceiling, far up, shows mechanical figure of Time with his scythe. The figure descends slowly, the scythe swings, and the prisoner realizes that unless swings, and the prisoner realizes that unless some unexpected help should come, he will be slowly cut to pieces. What followed is told by Edgar Allen Poe in the fantastic story called "The Pit and the Pendulum." The man awaiting the approach of

dreadful death is a type of a large class of unfortunates who, entangled in the strangling coils of an octopus, have lost all hope of free dom. This monster is Morphine. Perhaps the victim is yet reveling in that glorio state of exhibitation which follows the first use of the drug. If so, like the man in Poe's story, he has not noticed the light in the ceiling and is unaware of his danger. Maybe the disease has progressed so far that the sufferer notices a weakness of the heart's ac tion, that the general health is feeble, the body poorly nourished, the sight double This is soon followed by a peculiar twitching of the muscles, a numbness of the hands and feet, and the utter collapse of the nervous system. The victim now becomes

But there are few situations completely hopeless. Poe's prisoner was rescued when the swinging scythe was close to his breast, and the victims of the Morphine habit and their shattered nerves are restored to the enjoyment of 'life by a system of treatment which has been perfected by R. It does away with all desire for the drug, and quickly restores the shattered nervous system to its normal condition. It treats the condition as a disease and not as a habit. It is scientific and successful. For full particulars address as above.

Sight for Spartan Eyes - Widowed Mother Walks in the Ranks by the Side

CHICAGO, April 24,-A sight for Spartan eyes was witnessed to-day as the first detachment of naval recruits from Washington and Milwaukee marched down the smooth asphalt of Jackson boulevard to the Pennsylvania depot in route for New York to enter active service.

Right among the marching recruits and keeping close alongside of a strapping young fellow in a light overcoat grip, was a woman of fully elxty years. She was dressed in mourning, and many a hurrah hushed as people caught the first glimpse apparently of a widowed, gray-haired mother personally taking her son into the rank and file of the boys in blue. was carrying a small travelling
